NO. 60.

CHURCH MATTERS.

Rev. O. Badgley, of Cleveland, has preached 6,000 sermons.
There will be no preaching at the Methodist church Sunday.
Versailles Baptist church is to have a \$4,000 Sunday-school addition.
J. W. Shepherd, of Nashville, will preach at the church on Lancaster street next Lord's day and night.
Louisville District Conference is in session at Columbia and there are between 250 and 300 preachers and laymen there.
Trinity Episcopal Cathedral, one of the most magnificent church structures in America, was dedicated in Cleveland, O. The edifice cost \$1,000,000.

Remember that the splendid Baptist church at Brodhead will be dedicated next Sunday. Rev. H. C. Bow will preach the dedicatory sermon.

Southern Baptist contributions for home missions to September show an increase of 51 per cent. Of the \$31,725.26 Kentucky gave \$3,705.39. Georgia was the only State that gave none.

The hours for worship at the Presbyterian church on next Sunday will be 10:45 A. M. and 7:00 P. M. Sunday School at 9:30 A. M. and Christian Endeavor Society at 6:30 P. M. Morning subject: "What is Christianity?" Evening subject: "Heaven: Its Joys, Service, Shall we Know Each Other There?" The Rev. J. L. Yandle will preach at Willow Grove School House at 4:00 P. M. on next Sunday. A cordial invitation is extended to all to attend these services.

With Rev. Sanford Logan, of Wilmore preaching, a protracted meeting will commence at the Southern Presbyterian church on Monday evening, which may last through two weeks. Special preparations are being made by the church in anticipation of a glorious revival and a waking of the membership and those outside the church. Mr. Logan is one of the best known ministers of his denomination in the State. He has been remarkably blessed in the revivals which he has conducted for the past two or three years and is making quite a reputation as a revivalist and is in much demand. Mr. Crowe, the local pastor, will assist Mr. Logan throughout in the meeting which is looked forward to with the keenest anticipation by the members.—Frankfort Journal.

Rev. R. R. Noel hands us the following: "Am just in from my churches—Grove, Olive and Waynesburg. Thirty days, 66 additions; 43 by baptism. I had splendid help from Rev. E. L. Andrews and J. M. McFarland. The spirit of the Lord was present. Churches revived, although sickness, death and the weather got in their work. We bless God, take courage and move forward. I go to Brodhead next Lord's day, 'D. V.' Will be with the saints in the dedication of their new house of worship. This was my charge for five years and in better people God never let the sun shine on. Deacon Albright says he is going to kill the fatted calf. Can't you editor go up with us? Will do you good; come. Dr. J. G. Bow, of Louisville, preaches the sermon. We may continue a few days with the pastor in a meeting."

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 106 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery; the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, whooping cough, quinsy, hoarseness, and phthisis, stops hemorrhages of the lungs and builds them up. Guaranteed at Penny's Drug Store, 50c. and \$1. Trial bottle free.

Johnny's father going into the stable saw Johnny sitting on the horse's back, with slate and pencil in his hand.

"Why, son, what are you doing?" he asked.

"Writing a composition," was the reply.

"But why don't you write it in the house?"

"Because," answered the little fellow, "the teacher told me to write a composition on a horse, and I am doing it—see!"

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's disease and diabetes. Penny's Drug Store.

The Missouri railroads claim the two-cent fare law has cost them \$1,500,000 during the three months it has been in operation.

KINGSVILLE.

Anyone having a piano box (upright) for sale, will please address Miss E. M. Creighton, Kingsville, Ky.

The cold-blooded murder here of Mr. Hal Vandivier, of Harrodsburg, by Harve Watts, of Nemo, Tenn., cast a sickening gloom over this community. Mr. Vandivier was a noble fellow, and although he had been here but little over a month he had many acquaintances. "To know him was to love him," expresses the sentiment of the community. His popularity was remarkable and increasing daily. He seemed from the first to desire to make friends and made them readily. If he had any grave faults they had not been discovered. He never spoke an unkind word of any one nor made an unpleasant comment. On the other hand he saw only the good traits of the people around him. He was of unusually handsome person, big and imposing looking, weighing 294 pounds. He was 32 years old. He was quite original and of a very jovial nature. Even the children were fond of him and mingled their tears with those of older hearts. He spent his last evening, until 11:30, with a small party of friends at the home of your correspondent, and since his residence in Kingsville we had never seen him in a more jovial mood. He was the life of the crowd, his witty remarks and good humor keeping a continuous flow of laughter and merriment. He returned Monday from a brief visit to his aged parents at Harrodsburg and some one enquired if he had a pleasant visit. "Why certainly, I saw my father and mother," and was so rejoiced that his mother was improving in health. May God comfort them in their terrible sorrow and help them to bear it to the end, for He alone can. Public opinion here is very strong against Mr. Watts. It was such a pitiable crime because there was no provocation. The victim did not know, and therefore did not understand the desperate character he had to deal with and not being forewarned was not forearmed and had no way of protecting himself. It seems so particularly sad that he should have been killed for simply complying with a request, as he was ever ready to do every favor that was asked him, no matter how greatly it may have inconvenienced himself. He lived much for others and if he had a fault it was too little consideration for self.

The murder occurred Thursday at 3 P. M. and death ensued 15 minutes later. Mr. B. P. Shewmaker, of Moreland, came and conveyed the remains of his brother-in-law to Moreland and thence to Harrodsburg. Owing to the reunion the town was almost depopulated but all that tender hands could do was done during the last moments of this young man, shot down in his glorious young manhood.

Miss Blanche VanDeveer, of Stanford, who is teaching here, adjourned her school and was the first woman to reach the depot. She combed his hair and did all she could for his poor remains. ELIZABETH M. CREIGHTON.

About Advertising.—A man can live without advertising. So can a wagon be drawn without wheels, but it would take a mighty strong pair of horses to pull it along for any length of time. Just so with a business. There was a time when advertising was scarcely known, as man could do without it, but a first-class merchant nowadays knows by experience that advertising pays. He knows that when he goes to buy anything himself, from a cigar to a threshing machine, it is usually an advertised article, or he naturally believes that the maker is afraid of the limelight of publicity. When an article is really salable, the cost of advertising is lost in the increased amount of sales that it makes. To be on the safe side always insist on buying advertised articles.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was so weak from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale by all druggists.

The following statement was given out by Justus Goebel at Phoenix, Arizona: "The prosecution, which has been conducted without abatement of enthusiasm for eight years, will be conducted as long as there is a Goebel, young or old, alive, and until the guilty persons have been brought to justice. We will get W. S. Taylor sooner or later, as he cannot always find an asylum in Indiana."

The Jamestown Exposition directors have adopted resolutions indorsing Director General James M. Barr and asking him to reconsider his resignation. It looks like a signal victory for Mr. Barr over President Tucker and the friends of the latter admit Mr. Barr has a working majority in the board.

John D. Archbold denies that a reorganization of the Standard Oil Co. is contemplated. A member of the corporation, however, was quoted as saying in New York: "I can say that as soon as the Standard Oil Company has freed itself from the litigation now pending there will be a reorganization. The capital stock will be increased to an amount more in harmony with the value of its assets, say to \$400,000,000 or \$500,000,000."

A Hamilton, O., dispatch says: Two young men, whose dead bodies were found in the St. Charles Hotel, were identified as John Leavell, 25 years old, and Benjamin Marsee, 24 years old, young farmers of Garrard county, Ky., living in the same neighborhood, near Lancaster. There is little doubt that death was accidental, and was caused by the unfamiliarity of the boys with gas fixtures. It is certain that they had no motive for suicide as neither was married nor involved in any complications so far as their friends know. Advices from their homes state that Leavell and Marsee, who have been chums for years, left their homes early Sunday morning and took an excursion from Lancaster to Cincinnati, expecting to return in the evening. One return coupon was found in their clothing. Why they came to Hamilton is not known.

THE BOOTH FETE.—One of the prettiest, most novel and delightful entertainments given in this section in many a day was the Booth Fete at the pretty home of Miss Melle Hopper in Hustonville Wednesday evening. It was under the auspices of the "Al Frisco" Society and was for the benefit of interior decorations of the Christian church at that place. Several hundred persons were present and a snug sum was realized. The beautiful yard was made almost as light as day with Japanese and other lanterns and here and there was an artistically arranged booth where good things to eat were sold by the pretty venders. At the candy booth were Mrs. Rufus Lipps and Miss Rose Sandidge; at the coffee and sandidge booth Mesdames J. H. Hocker and John G. Lynn presided, while at the large booth, where ice cream and cake could be secured for the small sum of 15 cents, were Mesdames McKee Riffe and J. O. Carpenter and Miss Dollie Cabbell. Miss Rose McCormack had charge of the "grab sack" and made lots of nickles. In a tent in the yard was "Juanita," who for 10 cents told the past, present and future of the lives of those who would extend to her their right hands. This proved to be Mrs. Walter VanArsdall and she did her work very much after the order of the real palmists. Drumming for her was Mrs. John B. Riffe, dressed as an Indian girl and looking very much like one. The young ladies who saw that everybody had a good time were Misses Melle Hopper, Anna Reid, Lou and Helen Hocker, Lucy and Katherine Alcorn and many others. They were assisted by Rev. Clarence Daniels, Prof. J. M. McVey, Dr. Owen S. Williams, L. M. Reid, V. B. Morse and several other gentlemen. Early in the evening an interesting musical program was rendered, which was well received and vociferously applauded. The first number was a piano duet by Miss Hopper and Rev. Daniels, next came a vocal solo by Miss Kate Warriner, then a reading by Miss Evans. Mr. King Carpenter delighted his hearers with a whistling solo and was followed by Prof. J. W. Ireland, of this place, who sang two bass solos to the delight of the large crowd. Miss Hopper gave a piano number most charmingly and later Rev. Daniels sang the "Hunter's Song" as only good singers can. A vocal quartette by Mrs. Walter VanArsdall, Miss Kate Warriner and Rev. Daniels and Mr. Morse completed the delightful program, after which the booths were visited and an hour was spent in conversing. During this time Miss Ella May Saunders, of this place, yielded to the solicitation of many and gave a reading number most creditably. It was nearly 11 o'clock when the large assemblage began to leave and even at that hour they left the happy scene with reluctance.
